Dear Mr. & Paul Miga,

Received your letter of the 4th and was very glad to hear from you, it also thought we were the only Miga's in U.S.A.

It also was born in Lemberg or Luow as it was known in 1900 I came from Austria-Hungary. My father came to Rhode Island in 1902 and later he sent for his brothers. Seven of them, one remained in Poland. All of these boys lived in R.I. except one (Peter) he moved to N.Y. He was (Brick Contractor) He had three sons, Walter, Stanley and John. I thought you was Johnny's boy. It also had a Relative (Stanley Miga) living in Pennsylvania.

I think that your grandfather Andrew is the son of the brother

Michal my father left in Europe.

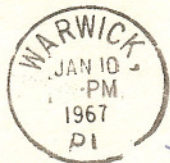

For your information ^{some} ~~part~~ of the Penn. Migas are in California, and some in Argentina where some went during the first war. I know you must be Polish and I doubt whether you speak the language, as I have four boys and they cannot speak or understand the language. My wife came from Vermont and is not Polish.

I never heard of any Migas in Miami.

In 1910 we had a John Migas who left Providence and we never heard from him. He was the brother of Stanley who lives in Penn. I thought that maybe you were his boy. One never knows.

Last year when I was in Miami I called up a Migas from the phone book. It was a lady and she spoke only Spanish and we got no where. I think she was one of the Argentinians Migas's daughter. One girl came here last year she had a "Dr's" degree, she moved out West. Please write. Sincerely Jo. M. Migas
