Dear Paul:—

Sorry I did not answer your first letter sooner, but after I explain you will understand. My wife + I work at my sons nursing Home. (Sunny View Nursing Home). We have a staff of ten working there (around the clock) and have had several nurses out sick. Our cook is also out (having a baby) My son was in N.Y. for several days with his wife and we had to run the nursing home, their house (with six children) and run our own house, so you see we work kept pretty busy.

When I read of your son's birth
(Paul) it was sure you must
be (John's) boy my cousin from
N. Y. but I guess the Miga
family is larger than I thought
my father (Stanislaus) came
to Providence about 65 years
ago. He was the first boy to
come here, later he brought all
~~his~~ brothers here except one.
He came from Mielec in Poland
or Austria-Hungary as it was
then known. I am 66 years old
and speak, read + write Polish
well.

my grandfather was about
100 years old when he died in
Poland. He had nine sons and
one daughter. I think the lil
girl died when she was young.
(This is only a guess.)

2. They were .

Thomas - He remained in Europe
Tony.

Peter - He moved to Long Island N.Y.

Stanley - my father

Frank

Joseph

Michael

Maciej

all of these men
settled in Bro. and
are deceased.

- None more

We have cousins in Penn. Hazelton
and I think they are descendants
of my grand father's brothers
and I think that your grandfather
and my grand father were brothers.
Providing you are my age
but I think you are about
38 years old this is only a guess
if so then it must be your
great grandfather.

When I was in Miami Florida
I got in touch with a Miss
over

niga. She spoke no English
only Spanish and had no
recollection of being Polish.

But we have cousins in
Argentina. They left Poland after
1st World War and wanted to come
to U.S.A. but settled there to wait
and come here later.

They had a girl Dr. niga who
came here about 5 years ago
and she married a Doctor and
moved to Detroit.

Some of the children of these
boys or my uncles settled in
California, Detroit, N.Y.

Some Sunday I wish you
would take a ride down here,
let me know, so we can be home
~~and~~ I will give you directions how
to get here.

Sincerely Joe niga
